Conference Announcement

EuroSciCon takes great pride in announcing the success of “ [Euro Vaccines 2019](#) ” which was held during 11-12 July in Prague Czech Republic.

Euro Vaccines 2019 witnessed a combination of peerless speakers who enlightened the crowd with their knowledge and confabulated on various new-fangled issues related to the field of Vaccines & Vaccination. The extremely illustrious conference hosted by EuroSciCon was marked with the attendance of young and brilliant researchers, experienced professors, delegates and talented student communities representing their countries around the world.

The two days event implanted a firm relation of upcoming strategies in the field of [Vaccines](#) with the scientific community. The conceptual and valid knowledge shared, will also raise organizational collaborations to develop scientific accelerations.

We once again thank all the participants for their wonderful involvement towards the event which helped us for the successful execution of this event.

There was a very good response from Organizing Committee Members as well. The Organizing Committee Members who attended the conference were:

[Didier Betbeder](#), Professor University of Lille, France

[Richard T Wyatt](#), Professor Scripps Research

Institute, USA [Amish Patel](#), Director Emergent Bio solutions, USA

[Qian Ruan](#), Director Emergent Bio solutions, USA

[Ayoub A. Bazzaz](#), Professor University of Kirkuk, Iraq

[Brian G Hubka](#), Director Contamination Prevention Technologies, USA

[Jeanne Moldenhauer](#), Vice-President Excellent Pharma Consulting ,USA

[Leandro Santos de Resende](#), Assistant Professor University, Center of Bras Ália Brazil

[Olga Kubar](#), Researcher, St.Peterburg Pasteur Institute, Russia

[Geert Vanden Bossche](#), Director Coimeva Llc, Belgium

[Attapon Cheepsattayakorn](#), Director 10th Zonal Tuberculosis and Chest Disease Center, Thailand

[Adel M. Talaat](#), Professor University of Wisconsin, USA

The [Vaccine](#) R&D & Vaccination conference interacted with members across the globe focused on learning about vaccines and its specialties. This was the single best opportunity to reach the largest participants. Sharing the knowledge and demonstrations, information and B2B meetings with industrialists and potential clients to make a splash with innovative products live and brand recognition at this event. World-renowned speakers, the most recent techniques, and the latest updates on vaccines were hallmarks of this conference.

EuroSciCon is the longest running independent life science events company with a predominantly academic client base. Our multi-professional and multi-specialty approach creates a unique experience that cannot be found with a specialist society or commercially.

Euroscicon organizes International Vaccine Meetings annually across Europe, Austria, Ireland, Germany, France, Liechtenstein, Lithuania, Finland, Luxembourg, Hungary, Italy, Norway, Poland, Denmark, Macedonia, Greece, Portugal, Romania, Czech Republic, Switzerland, United Kingdom, Belgium, Scotland, Latvia, Ukraine, Sweden, Denmark, Spain, Netherlands Russia, Bulgaria, France, with solitary subject of quickening logical revelations.

[Vaccines R&D-2019](#) was a two-day conference concentrating on Interactive Sessions & Sub-sessions emphasized on innovation and new trends on vaccines, keynote lectures from Senior Scientists and industry experts, panel discussions, poster competitions, and Young Researcher Forum. The conference program featured well-

known and thought to provoke speakers in interactive discussion sessions, prompt keynote presentations, Oral talks, Poster presentations, and Exhibitions.

There was vast opportunity for all the renowned personalities all through the universities and Institutions:

For Universities, Associations & Societies:

- Association Partnering
- Collaboration proposals
- Academic Partnering
- Group Participation

For Students & Research Scholars:

- Poster Competition
- Young Researcher Forum
- Student Attendee
- Group Registrations

For Business Delegates:

- Speaker Presentations

- Symposium hosting
- Book Launch event
- Networking opportunities
- Audience participation

For Companies:

- Exhibitor and Vendor Booths
- Sponsorships opportunities
- Product launch
- Workshop organizing
- Scientific Partnering.

All through this the [Vaccines 2019](#) was a massive success and [Vaccines 2020](#) is also going to be held at **Rome, Italy** on **April 29-30, 2020**.
