I am pleased to introduce Translational Biomedicine (IPTB) Translational Biomedicine is an international open access\*, peer-reviewed academic journal with Journal Impact Factor 1.12. The Journal publishes original science-based research that advances communication between the scientific discovery and health improvement. I am pleased to announce that, all issues of volume 10 were published online well within the time and the print issues were also brought out and dispatched within 30 days of publishing the issue online during the year of 2019.

The journal covers wide range of topics in this discipline and creates a platform for the authors to contribute towards the advancement in translational medicine, molecular medicine, translational genomics, clinical genetics, Translational research & clinical intervention, Translational stroke, Translational Neuroscience, Translational Oncology, Cardiovascular science, Stem cell Translational Medicine etc. example areas in Translational Biomedicine.

The SJR ranking of the Journal is 0.103. IPTB impact factor for the year 2018 was 1.12. The H-index of the journal is 4 and IPTB ranked first among all journals in the field of Clinical Skills and 176th in the world as per the Scimago ranking.

During the calendar year of 2019, IPTB received a total of 40 manuscript, out of which 28 articles (70%) were rejected in the preliminary screening due to

plagiarism or being out of the format and peer review process. During 2019 around 11 articles were subjected for publication after they are accepted in the peer review process. In the 2 issues of Volume 13 published during the year 2019, a total of 11 articles were published (at an average of 5 articles per issue) of which, articles were published from authors all around the world. Globally articles have been accessed by the research scientists and also cited.

During the calendar year 2019, a total of two Editors, seven Reviewers joined the board of IPTB and contributed their valuable services towards contribution as well as publication of articles, and their valuable reviewer comments will be beneficial to publish quality of article in the Journal.

I take this opportunity to acknowledge the contribution of (Dr. Raghavendra Tirupathi Govindaraju) during the final editing of articles published and the support rendered by the editorial assistant, in bringing out issues of IPTB in time. I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of IPTB, the office bearers for their support in bringing out yet another volume of IPTB and look forward to their unrelenting support to bring out the Volume 11 of IPTB in scheduled time.
